

## Data Sheet

## ECONOPLY E

### Non-coated, heavy duty polyester peel ply

#### ■ DESCRIPTION

Econoply E is a heavy weight, heat set and scoured polyester peel ply developed for use in difficult environments and where a more textured surface is required for secondary bonding.

Our Econo range of peel plies are high quality but inexpensive and developed for applications such as resin infusion and hand lay-up. Econo peel plies assist or eliminate the need for sanding or abrading composite laminate.
